

# A Time for Every Purpose

The following chart defines the meaning of Time as it was passed down by the Masters of the ancient traditions of the Hermetic traditions.

NOTE: Test it out for yourself. The next time you are seeking favors from someone in a higher position, set the appointment for Times/Dates indicated as the Period A. Period G is a time to exercise caution for fiery energies in play. (It’s interesting that Friday Night holds that potential. Saturdays are better known as “date night.”) In my youth, Friday was the time scheduled for the “Friday Night Fights” on TV. **If you feel stressed, check the Time and Day to see if it’s on the schedule, and how long it lasts.**
